Introduction

After a long journey of inner awakenings and initiations, we have revealed our Life Mission and we are ready to share the blessings of **Enlightened Education** with the sincere spiritual seekers who are longing to align with the core values and virtues of the Enlightened Age and to embrace their Divine Potential. This Inner Path is not focused on “personal” development, but on soul completion and transcendence.

Even if the word *education* may seem to belong to the old paradigm, it simply means “to lead forth or to bring out”, that is to trust your wisdom and gifts to realize yourSelf. You do not need to focus on getting external resources to feel empowered, you need to awaken your **Light Technology**!

Are you ready to embrace your Inner Leader & Master and to focus on divine solutions? No external circumstances can ever define you. Only your divine blueprint can determine your destiny. Enjoy your **Initiation** into soul empowerment, liberation and beyond! Initiations are both a challenge and an opportunity for growth. If you understand their purpose, you will awaken the Love, the Power and the Wisdom required to face them with enthusiasm.

What are you worthy of creating?

Divine Health (Vitality) & Abundance are the foundation of a fulfilling life.

You are now ready to let go of disempowering thoughts and emotions and to develop self-validation to upgrade your consciousness and your life! Your inner transformation always precedes your material expansion as true abundance is generated through inner growth. If you are trying to expand professionally, financially or in your relationships, remember that you cannot magnetize and stabilize what you don't believe you deserve.

Your reality is vibrational therefore, your inner state determines what you are prepared to experience in your external reality. As you shift your vibration, you will clear your energy fields to anchor the light, embrace prosperity and organically step into your highest timeline reality. This is the gift of Divine Health & Abundance. Vitality, your alliance with Life, makes everything flourish.

Let's explore Enlightened Ways of Living and of Serving!

Divinity has inspired us to reveal the **Light Codes and Master Keys** that we have long held in our hearts, knowing there would come a time when Humanity would cherish Universal Wisdom and would make the choice to go back Home (to Source). The moment has come.

Enlightened Education is based on the activation of **33 Light Codes** that contain unified wisdom and that, therefore, can give you access to your Christ Consciousness. After receiving your initiations in the inner planes of consciousness, we will guide you as you combine these quantum tools with more advanced teachings and with the practices that we have inherited from the Ascended Masters.

The *Cause* that our Master, Hilarion, inspires us to fervently support is that of the **Reconversion**, that is, the Restoration of Truth in the collective consciousness. It is the highest form of healing and, of course, the definite one. Therefore, in our Online and In-person Trainings we invite you to go through 4 Energy Portals. These represent Divine Initiations to connect with Higher Consciousness, receive enlightened guidance, clear your lower bodies, open your heart centre, and awaken your Light Body to feel empowered and free to create your desired reality. As you let go of your belief system, you will start trusting your inner wisdom and you will be open to remembering your true origin, your essence, your purpose, your destiny, and your mission.

Enlightened Education is aligned with the potential of the Golden Age and is meant to resolve individual and collective challenges and to accelerate our evolution as a species. It can help us create the platforms that serve as a solid base for the expansion of an Enlightened Humanity. It has been created to simplify your path to Divinity.

This advanced technology is a catalyst that can help you clear what is standing on your way to liberation. It can be beneficial to all those who are seeking their Inner Light since it holds no restrictions; you can recreate yourself anytime, at any age and in any life circumstance. These quantum tools create a direct bridge to Source!

The content of this eBook will provide you with the foundational tools and practices that you can apply before you make the commitment to explore the blessings of *Enlightened Education*.

It is a roadmap that intends to help you navigate your Human-Divine journey with ease and grace. You can be in command of your creation and enjoy the opportunities that start unfolding as you embrace your Peaceful Creation.

As a starting point, we invite you to pronounce these initial **Light Codes & Decrees** to expand your consciousness and to accept Divine Intervention as you step up and thrive.

1. I AM enlightened consciousness.

"I AM ready to align with my soul purpose and to access the resources that will allow me to evolve with ease and grace."

2. I AM integrity.

"I feel abundant when I AM aligned with the frequency of Love-Truth and when I trust that I can realize my highest vision. As I respect my Self, my reality becomes impeccable."

3. I AM the source of all experience.

"I accept my reality; I appreciate all of its reflections of abundance and I use them to expand and to evolve."

Welcome to Enlightened Education!

Walk the Path of the Ascended Masters

When we experienced our spiritual awakening, little did we know that we would be devoting our lives to supporting Human-Planetary Enlightenment. We have developed compassion for those who are now awakening to the Light and need practical wisdom to understand their inner shifts and to take a step forward.

As you expand your consciousness, you will be eager to ask questions and to further understand the challenges and the opportunities that you will be presented with during your spiritual awakening, empowerment, and liberation phases. Whether you are starting or enhancing your meditation practice as a way to remember your True Self, we intend that, as you read this written transmission, you find exactly what you are looking for.

Ready for Ascension?

The Ascension Journey seems epic, but it is comforting to know that **The Ascended Masters** have already walked this path and are honoured to instruct you along the way. As you may well remember Master Jesus's words: "God Doesn't Call the Qualified; He Qualifies the Called."

Ascension is the highest attainment for all those who remember their authentic purpose on Earth. Mastery is the gateway to that state of Being and, even if it seems unachievable, there are steps that you can follow to transcend your human limitations and to realize who you really are. Your 'Big Brothers & Sisters' can overlight you as you embrace your **I AM Presence**.

If you are reading this book, you are most probably being called to free yourself from the constraints of the collective belief system and from all the conditioning that is currently holding Humanity back. The cycle of liberation invites you to let go of different layers of limitations: personal records, ancestral records, planetary records, and genetic records.

The Path of the Ascended Masters invites you to take responsibility for all your life experiences and to let go of projections to become the **Conscious Creator** of your life. External reality shouldn't influence your choices or your state of well-being. You have the power to raise your vibration and to let go of suffering.

The **Temple of Light** that we have created, which has initially adopted a virtual form, is a space for Divine Alchemy, where we elevate the individual-collective consciousness through the Power of Light. It is not a therapeutic centre or an academic classroom, but a container in which you can gradually illuminate all your inner aspects so that you can, eventually, unify with your I Am Presence and create a Divine Life.

To fulfil this purpose, the **Inner Focus** that Master Hilarion inspires us to keep and to integrate collectively is: **"Truth Above All Else."** It is our main Mantra and the foundation of our *Code of Honour*.

It is comforting to know that there is a path to liberation. Even if it is not the most travelled path, it has been walked. You can choose to follow inner guidance, trust it and act on it to attain your own Ascension. This requires that you are willing to accept Divine Intervention and that you recover faith in your innate capacity to thrive.

The Golden Age is an invitation to master your energy to master your life. When you stop producing and consuming noise and when you prioritize stillness and silence, you can awaken your spirit and liberate yourself. You can embody Higher Consciousness and become an agent of change in service to Source!

We would love to share a few guidelines that can help you trust your intuition and live a meaningful life.

Embrace a life of constant simplification. Self-realization requires concentration, achieving a single-minded focus. Let go of excess and attachments to be Lighter.

Become Introspective. Self-inquiry leads to self-realization. As you ascend, Higher Consciousness will reveal to you Keys and Light Codes to facilitate your journey. You won't be able to identify them if you are expecting linear instructions or if you are looking for *clues* outside of yourself.

Empty your mind. The need to be constantly active and productive inhibits your ability to bring about innovation (new resolutions). You need to match your preferred reality vibrationally instead of over-thinking about it. Let go of the past and, as the Ascended Masters have shared, be ready to forgive and to forget.

Don't look back. Nostalgia creates attachment. Focus on your highest vision and don't let it fade away. Ignite it, especially during challenging moments, when you are about to lose hope and you feel lack of support. Spirit guides you from within and can only communicate with you when you are PRESENT. Also, beware of (self)pity since it can cripple you.

Have Faith in Divinity. The higher your vision, the more real it is, because it implies that you couldn't have thought about it with your limited mind. Trust Higher Consciousness. When something seems impossible, it surely comes from Source!

Pay attention to signals. They are a form of guidance; it is one of the ways in which Source communicates with you. When you are uncertain about which direction to follow and you feel trapped or challenged, surrender. Stop insisting on having it your (limited) way and listen to your inner voice. There is always an enlightened answer to all your dilemmas.

Value a service-oriented life. Service is a doorway to fulfillment. Choose to support Human-Planetary Ascension. Become a Giver! Remember that your ultimate purpose is to be transformed by Universal Love and, eventually, serve its expansion. All else is a distraction.

We will soon realize a civilization focused on Selfless Service and Global Cooperation. A **New Light Network** is emerging and lifting the veils of separation to show that Humanity is re-uniting as ONE collective, as ONE Light Community. The time has come to trust Humanity's potential and to surrender to the Divine Plan to finally create the eternal Garden of Eden, one that cannot be lost!

Let's open our hearts fully to trust ourselves and others and embrace our Sacred Destiny. Everything can become sublime, every word, every thought, every feeling, and every action.

These upcoming years invite us to update our spiritual practices, purify our energy centres and reveal the wisdom that will guide The New Humanity. Everything counts and defines the timeline in which we can participate so we need to hold our pure intention to reveal our Golden Trajectory.

We offer you this Affirmation so that every time that you pronounce it, you align with all the quantum possibilities of the Enlightened Age!

“ I choose to enjoy a blissful existence and to treasure
every life experience. I free my life force energy
and I surrender to the Divine . ”

After a long journey of inner awakenings and initiations, we have revealed our Life Mission and we are ready to share the blessings of **Enlightened Education** with the sincere spiritual seekers who are longing to align with the core values and virtues of the Enlightened Age and to embrace their Divine Potential. This Inner Path is not based on “personal” development, but on soul completion and transcendence.

Are you ready to embrace your Inner Leader & Master and to focus on divine solutions? No external circumstances can ever define you. Only your divine blueprint can determine your destiny. Enjoy your Initiation into soul empowerment, liberation and beyond!
